

*{Beth Ellen}*  
a joyful handwritten font

*Version 2.0*

***Beth Ellen** is a simple, joyful handwritten font crafted after the penmanship of my mom, **Beth Ellen Jelinski** who passed away from cancer on March 5th, 2017.*

*The purpose of this typeface is to give, so it is totally free to use for personal or commercial projects under the open source license.*

*My single request is that you **help the legacy of Beth Ellen live on by sending a short note** to someone you love each time the font is used. Tell them you love them, encourage them to be their best, or send them a scripture.*

*This is the way **Beth Ellen** lived her life, writing notes to share love and faith.*

This is  
my Mom's  
handwriting.

A large, stylized, dark red cursive letter 'm' is centered on the page. The letter is thick and has a fluid, handwritten appearance with rounded terminals and a slight curve at the top.

She loved  
sending notes.
